### **2023/2024 Assumption of Risk and Fitness for Play**

The sport of curling presents some unique challenges to players. Stepping onto and walking on the ice surface, delivering a rock from the hack or from a standing position, sweeping and avoiding contact with rocks in motion and positioned in the house, all require balance, anticipation, reflex motion, flexibility, strength, and agility. For their own safety, and for the safety of others on the ice, players must be confident that they are physically and mentally able to address these challenges and be prepared to provide a waiver to that effect to PGCC.

"In consideration of acceptance of this registration by the Peterborough Golf and Country Club, Limited (PGCC), I HEREBY FULLY ASSUME the dangers and risks associated with curling at the PGCC and further HEREBY RELEASE, WAIVE AND FOREVER DISCHARGE PGCC and each of its members, directors, officers, and employees FROM ALL claims, demands, damages, costs, expenses, actions and cause of action, whether in law or equality in respect of death, injury, loss or damage to myself or property, arising or to arise by reason of my participation at the PGCC, that has not been contributed to or occasioned by any negligent act, by omission or commission, of any of the aforesaid."
